## CAREER OBJECTIVE

*To acquire new knowledge, skills, and experience through a career opportunity and utilize my expertise in contribution to achieving the objective of your organization.*

## EDUCATION

- ❖ **Bachelor of Science in INFORMATION TECHNOLOGY**  
Polytechnic University of the Philippines – Manila  
2019 – present

## DESIGN PROJECT COMPLETED/ RESEARCH

- ❖ **Juan Dela Cook: A Cookbook Budgeting System**  
*Full Stack Web Developer*

JDC is a responsive web-based recipe budget recommending system that can be used to check recipes, its ingredients with prices, and estimated budget to make the specific recipe all at the same time. This was developed using HTML5, Bootstrap (CSS3), Javascript (jQuery, Sweetalert2), PHP Native, Flask (Python microframework) and MySQL.
